Greetings, Yokwe!

I hope this message finds you well. I would like to express my deep gratitude to our Heavenly Father for His abundant grace in our lives. Recently, Deacon Mike Beasha requested the addition of the Marshallese Buk in Al to the new Bible in Majöl App, which has been available for free download on the Apple and Google Play stores since May 2026.

As the President of the Jarin Rārik Dron Churches in the Republic of the Marshall Islands, I, Reverend Lawson Matauto, give my full consent/permission to include the Marshallese Buk in Al in the new Bible in Majöl App, at no cost. Komoltata.

Sincerely,

Rev. Lawson Matauto
President
